WE CARE. DO YOU?
Loving Gaze

Loving Gaze is an independent not-for-profit organization, with twenty-five years of experience in Nigeria.

We serve the unprivileged community in Lagos and Taraba State, through educational activities, basic health care service, women empowerment and vocational training.

80% of our funds come from corporate and private donors. 95% of the funds are reinvested in local initiatives and local staff salaries.
We Care....

We recognize and respect each individual life and dignity without gender, religious or ethnic boundaries.

We believe there is a desire for joy, hope and positive change in each of us.

Our purpose is to serve with care, joy and professionalism people in need, to ignite hope and seeds for growth.

We believe in a world where people share the power of a loving gaze.
