School Commissions Computer Laboratory

THISDAY 15 Jan 2016

SS Peter & Paul Nursery and Primary School Ikate-Elegushi, Lekki, was excited to host about 360 students and their families at the school ground recently, while commissioning its computer laboratory centre which was generously donated by General Electric (GE).

The event, which was marked by fun and festivity, had the children showcase their works on Power Point, Word and Corel Draw to representatives of General Electric that were present.

GE Oil and Gas is an international oil and gas company and has been operating in Nigeria for over 40 years, with businesses spanning a number of key sec-

tors including aviation, power generation, oil and gas, health-care, and transportation.

L-r: GE volunteer, Miss Yvonne Allomah, General Manager Loving Gaze, Miss Barbara Pepoli, GE volunteer, Miss Oluyemisi Fajemidagba, Mrs. Tina Orusede and Fund Raising officer, Loving Gaze, Mrs. Ikeji Omolade at the event

At the commissioning of the new computer laboratory centre, one of the GE volunteers, Miss Yvonne Allomah, who was in attendance had this to say: "There

are five GE beliefs that form the foundation on which the organisation and employees work towards success daily. One of these, is empowering and inspiring each other. It is truly a great privilege to have the opportunity to drive this outside the organisation by donating these computers to SS Peter & Paul Nursery and Primary School, Lekki."

General Manager, Loving Gaze, Barbara Pepoli, added, "We thank GE and AVSI, the Italian NGO, which facilitated the kind donation made by GE in Nigeria. The new computer laboratory is a big development in the schools quest to impart knowledge and education as a way of life in our students. Several educational applications and programmes have been installed in each system to encourage students to learn with fun using technological advanced
